

SPECIES LIST: MEMBERS' FINDS 2023 July - December : ENGLISH NAMES (updated Mar 18,'24)**Number of species to date: 421**

Please note that the number of species listed below will be considerably fewer than the running total given above, due to many species – particularly the rarer finds - lacking a common English name. The alternative list of Latin names should, however, be complete.

green highlight: unusual to rare finds - 94 yellow highlight: new to Buckinghamshire – 31 blue highlight: new to UK - 02
